Introduction

The “Free Shipping Admin” module is a backend tool that allows administrators to configure and manage free shipping options within an e-commerce platform. Its primary aim is to streamline the process of offering free shipping as a promotional or standard feature, enhancing the overall customer experience while simplifying administrative tasks.

Configuration

Magento Admin To configure free shipping settings in Magento, navigate to **Stores** → **Configuration** → **Sales** → **Delivery Methods** → **Free Shipping Admin**. Here, you can enable the free shipping module and set specific criteria and rules.

The screenshot displays the Magento Admin interface for configuring the 'Free Shipping Admin' module. The left sidebar shows the navigation menu with 'SALES' and 'Delivery Methods' highlighted. The main content area shows the 'Free Shipping Admin' configuration form with the following fields:

- Enabled** (website): A dropdown menu set to 'Yes'. A red box highlights this field.
- Title** (store view): A text field set to 'Free Shipping Admin'. A checkbox 'Use system value' is checked.
- Method Name** (store view): A text field set to 'Free'. A checkbox 'Use system value' is checked.
- Displayed Error Message** (store view): A text area containing the message 'This shipping method is not available. To use this shipping method, please contact us.'. A checkbox 'Use system value' is checked.
- Ship to Applicable Countries** (website): A dropdown menu set to 'Specific Countries'. A red box highlights this field.
- Ship to Specific Countries** (website): A list of countries with 'Afghanistan' selected. A red box highlights this field.

- **Enable Module:**

Toggle the **Enable Module** setting to activate or deactivate the Free Shipping feature on your store.

- **Title:**

Set a descriptive **Title** for the Free Shipping option that will be displayed to customers during checkout. This title should clearly convey the benefit of free shipping.

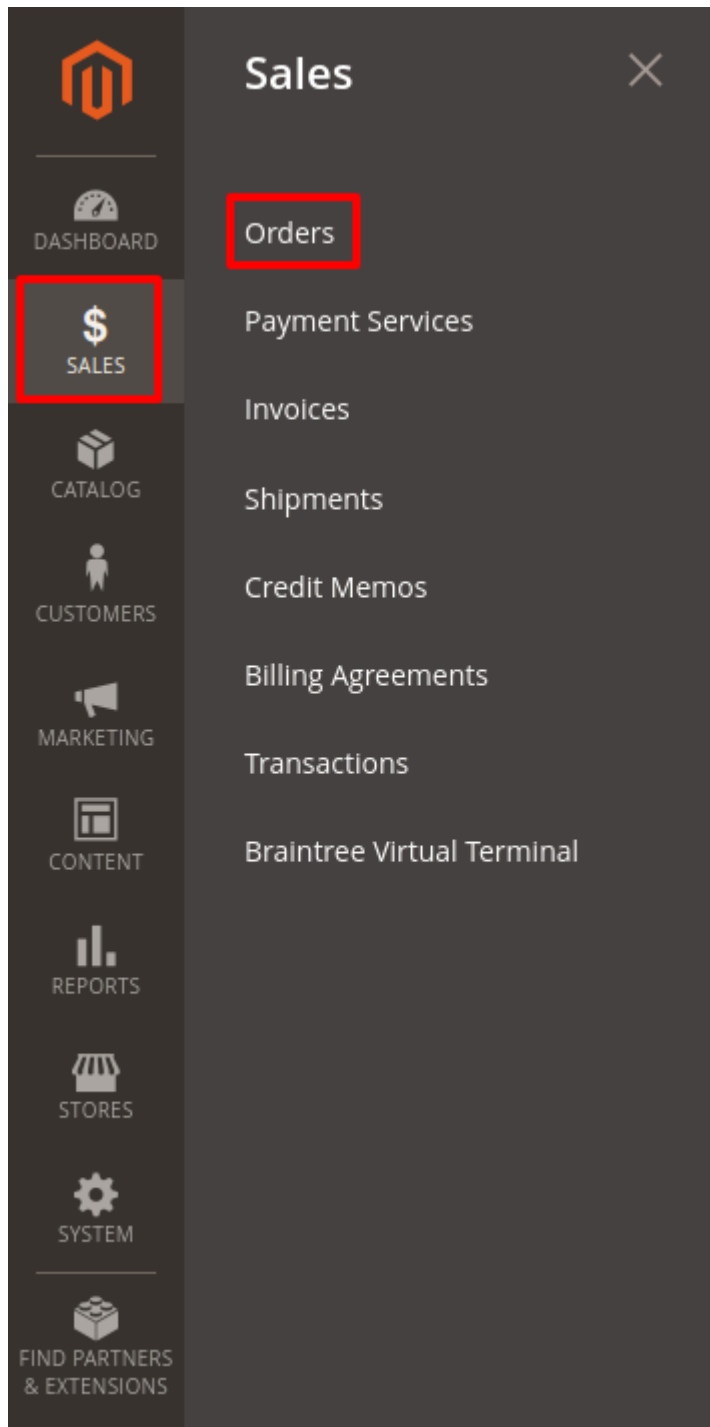

- **Applicable Locations:**

Define the **States**, **Countries**, or specific **Addresses** where free shipping will be available. This allows you to restrict or extend free shipping based on geographical locations.

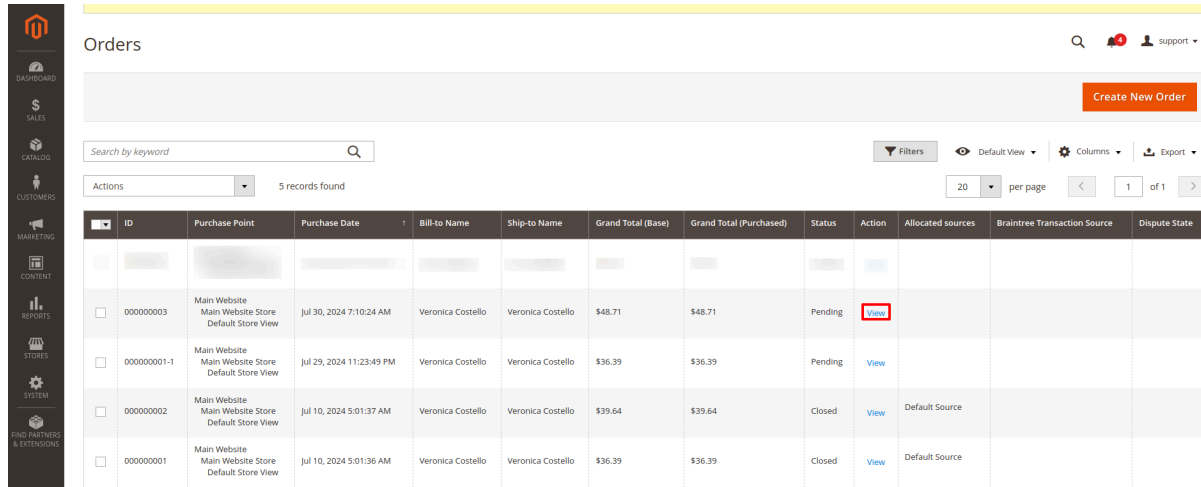

- **Configuration Rules:**

Set criteria for applying free shipping, such as minimum order amounts or specific product categories, ensuring that customers meet these conditions to qualify for free shipping.
